DC12V LED Panel

Recessed or Surface mounted light 3W

AD-SPL3

Color choice white : 3000K, 4000K

Outline color : Brushed Nickel, White, Black, Silver

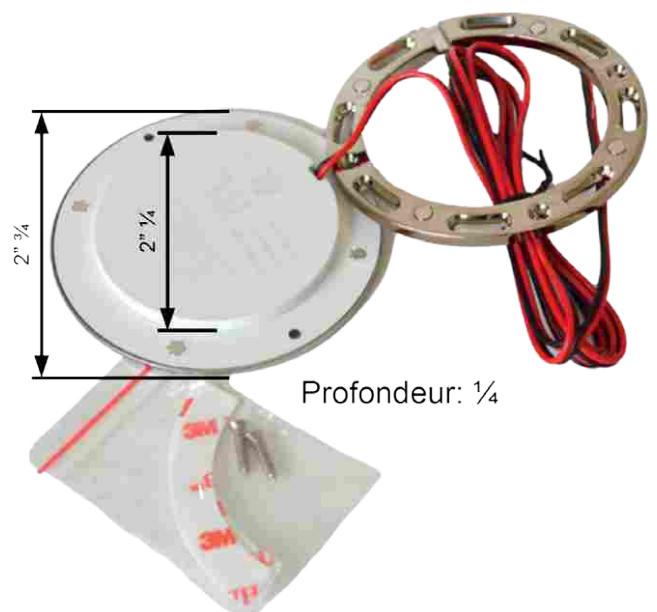

Voltage : DC12V

Wattage : 3W

Dimension Diameter : 2" 3/4

Depth : 1/4"

Hole size : 2" 1/4

Lumière encastrée et surface 3W

No. AD-SPL3

LED Panel DC12V

Recessed Light 4W

AD-SPL4

Color choice white : 3000K, 4000K, 5000K

Outline color : Brushed Nickel

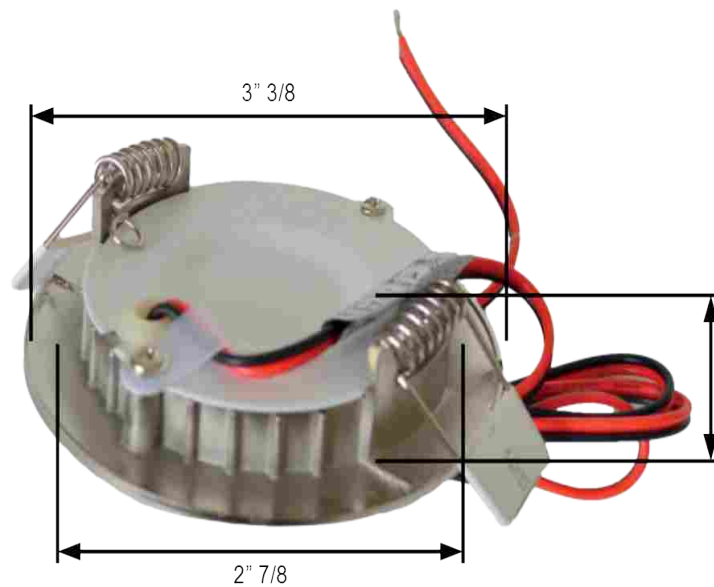

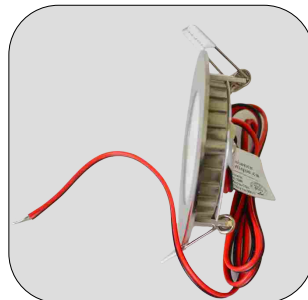

Voltage : DC12V

Wattage : 4W

Dimension diameter : 3" 3/8

Depth : 1"

Hole size : 2" 7/8

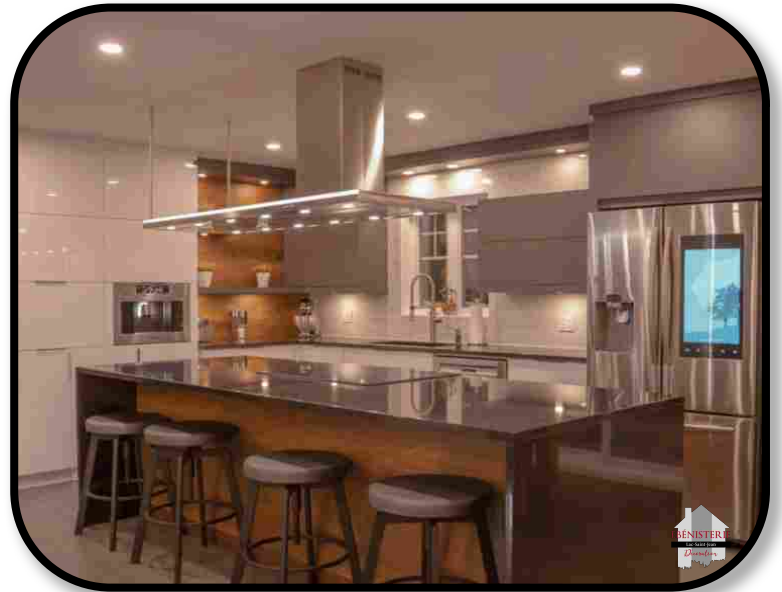

Lumière encastrée 4W

No. AD-SPL4

LED Panel DC12V

Recessed light 8W

AD-SPL8

Color choice white : 3000K, 4000K, 5000K

Outline color : Brushed Nickel

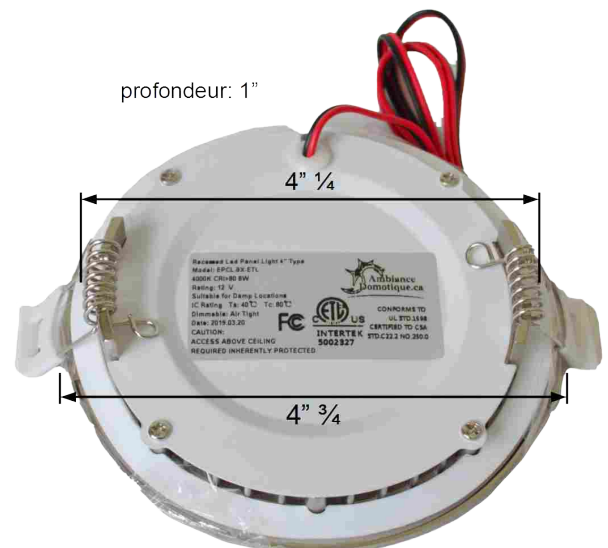

Voltage : DC12V

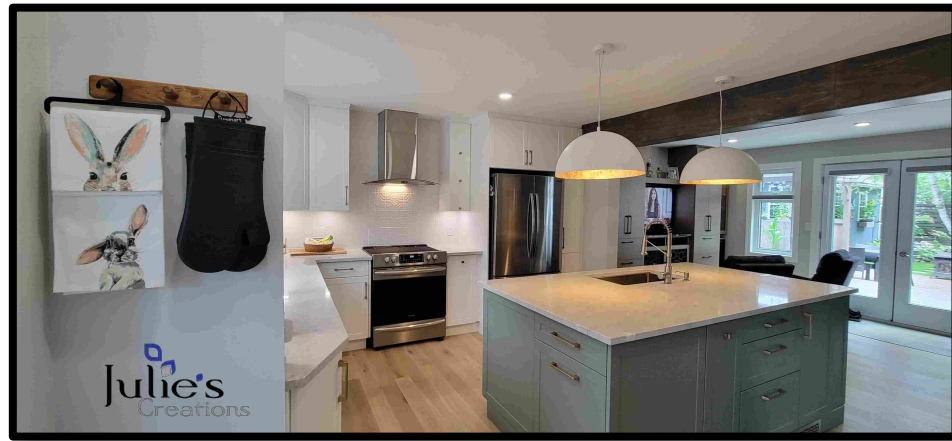

Wattage : 8W

Dimension diameter : 4" 3/4

Depth : 1"

Hole size : 4" 1/4

LED Panel AC120V 3CCT

Recessed light 9W

AD-SPL10

Integrated white : 3000K, 4000K, 5000K

Outline color : Brushed Nickel or White

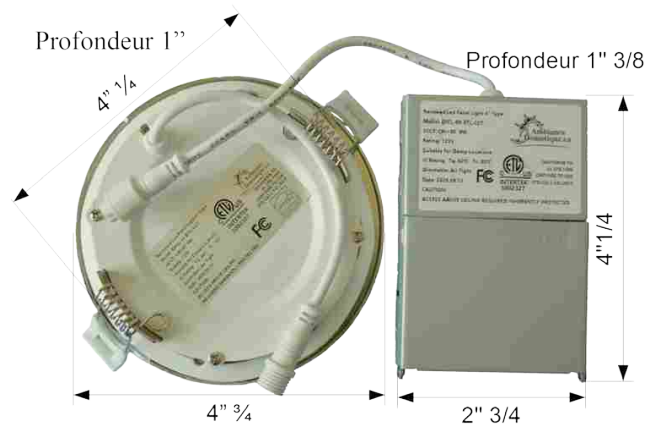

Voltage : AC120V

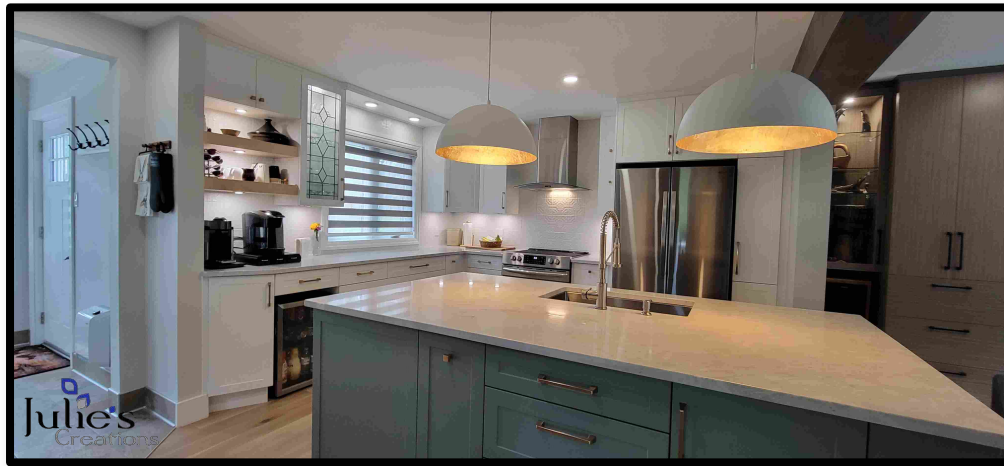

Wattage : 9W

Dimension diameter : 4" 3/4

Depth : 1"

Hole size : 4" 1/4

PUCK LIGHT DC12V

Recessed light 3W COB

AD-PK3W-4K-S100

Color choice white : 4000K

Outline color : Brushed Nickel

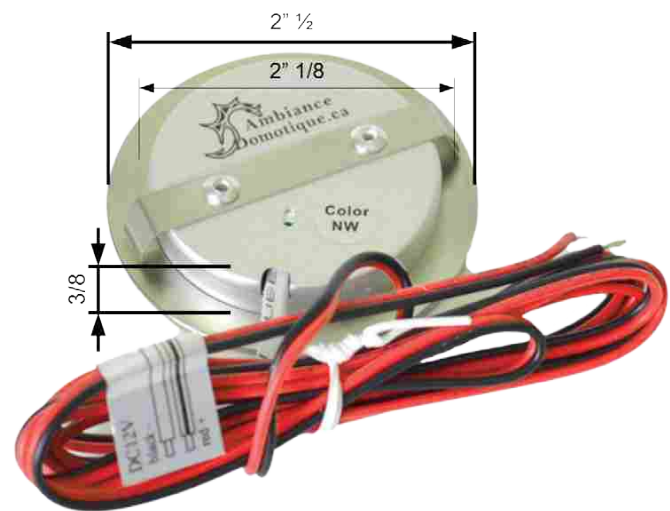

Voltage : DC12V

Wattage : 3W

Dimension diameter : 2" 1/2

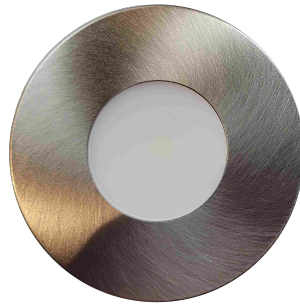

Depth : 3/8"

Hole size : 2" 1/8

Lumière encastrée 3W COB

No. AD-PK3W-4K-S100

PUCK LIGHT DC12V

Recessed light 3W 3CCT

AD-PK3W-3CCT

3 tones of white included : 3000K, 4000K et 6000K

With selecting switch

Outline color choice :

White, Black, Chrome and Brushed Nickel

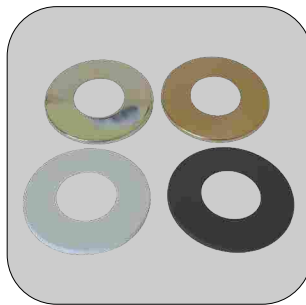

Voltage : DC12V

Wattage : 3W

Dimension diameter : 3" 1/8

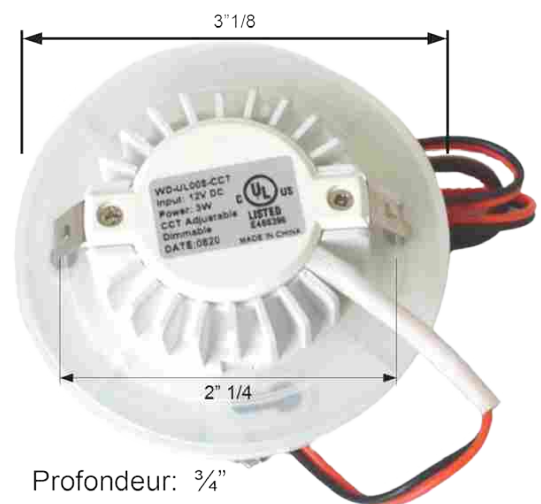

Depth : 3/4"

Hole size : 2" 1/4

Lumière encastrée 3W 3CCT

No. AD-PK3-3CCT

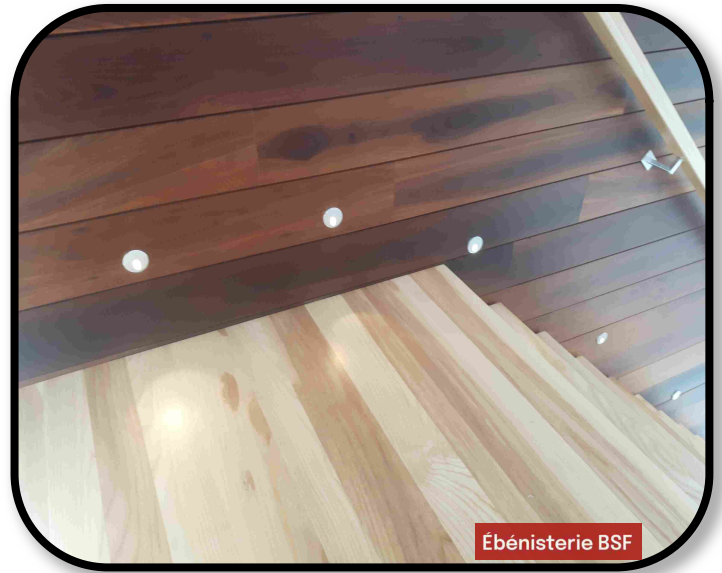

Profondeur: 3/4"

PUCK LIGHT DC12V

Recessed light 1W

Light with 45° angle
Staircase and wall; It's ideal
for this type of project!

AD-PK1W-3K

Color choice white : 3000K

Outline color : Brushed Silver

Voltage : DC12V

Wattage : 1W

Dimension diameter : 2"

Depth : 1" 3/4

Hole size : 1" 5/8

LED Strip DC12V

LED White Strip

AD-COB

Color choice white : 3000K, 4000K

Length : Custom

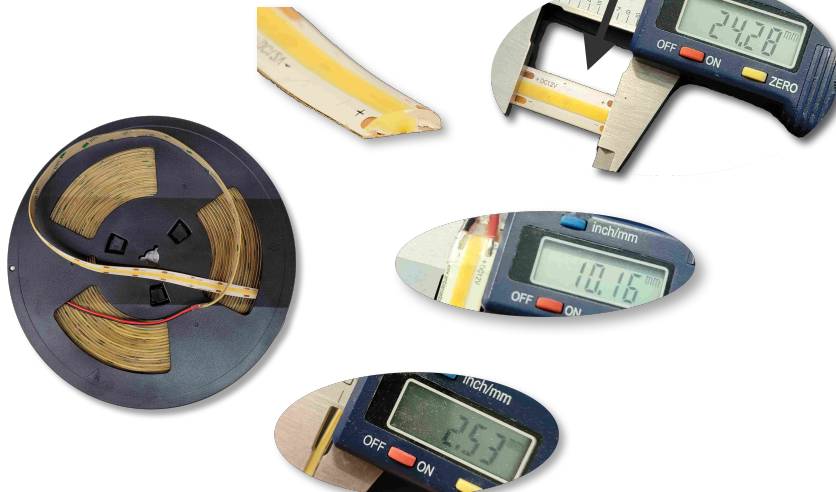

Width : 10mm x 25mm x 2,5mm

Voltage : DC12V

Wattage : 14W/Meter

Cutout : 2,5cm

Protection : IP65

**DOT-FREE
SANS POINT**

LED Strip DC12V

LED Strip RGB variety of colors

AD-5050-SMD-RGB-IP65

Color : RGB (All colors)

Length : Custom (max 5meters)

Width : 8mm

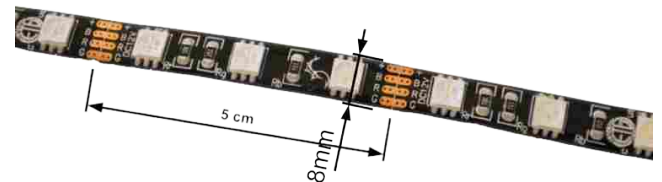

Voltage : DC12V

Wattage : 14W / Meter

Cutout : 5cm

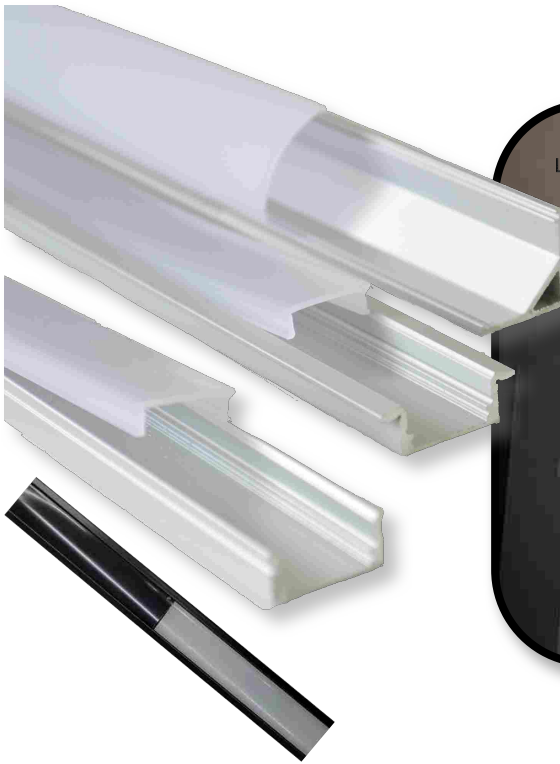

Protection : IP65

Density : 60 LED/ Meter

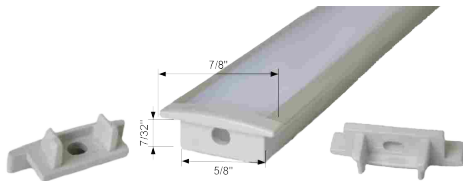

Bande LED RGB

No. AD-5050-SMD-RGB-IP65

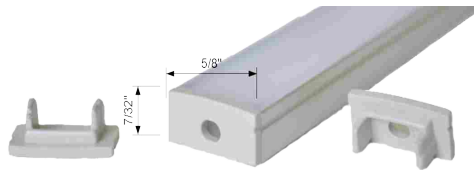

Aluminum profile & Frosted diffuser

ALP001-R

With flange

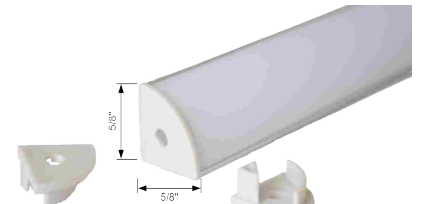

Hole size :
11/16" x (H) 7/32"
Ext. : 7/8"

ALP002-R

Recessed U type

Hole size :
11/16" x (H) 7/32"

ALP006

45° Diffusion

Dimensions :
5/8" x 5/8"

ALP001-R-BB

With Black flange
Black Lens

Hole size :
11/16" x (H) 7/32"
Ext. : 7/8"

ALP001-R-BW

With Black flange
White Lens

Hole size :
11/16" x (H) 7/32"
Ext. : 7/8"

Remote Control

AD-R6

The R6 is a remote control for only one color.

Features :

Allow you to dim your light;

Few control one or more controllers simultaneously;

Can also define up to 4 independant zones.

Technical Parameter :

Number of zones : 4

Signal : RF 2,4Ghz

Range : 30 Meters

Battery : CR2032

Dimension : (L) 4'' x (l) 2'' x (H) 1/4''

Remote Control

AD-R8

The R8 is a remote control for RGB light

Features :

Allow you to change the color and dim your lights;

Various pre-program effects available;

Few control one or more controllers simultaneously;

Can also define up to 4 independent zones.

Technical Parameter :

Number of zones : 4

Signal : RF 2,4Ghz

Range : 30 Meters

Battery : CR2032

Dimension : (L) 4'' x (l) 2'' x (H) 1 / 4''

Remote Control

AD-R11

The R11 is a remote control for only one color.

Features :

Allow you to dim your lights;

Few control one or more controllers simultaneously.

Technical Parameter :

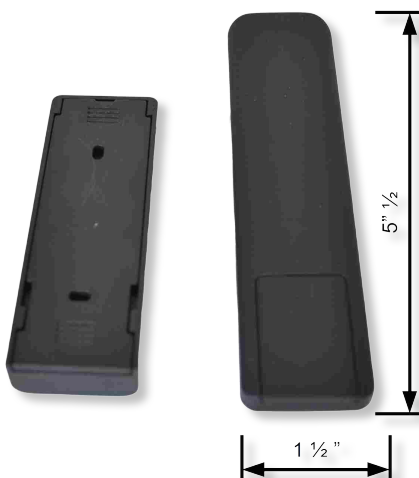

Number of zone : 1

Signal : RF 2,4Ghz

Range : 30 Meters

Battery : CR2032

Dimension : (L)5''1/2 x (l)1''1/2 x (H)1/4''

Remote Control

AD-RK1

The RK1 is a base remote control for only one color.

Features :

Turn the wheel to dim your lights;

2,5 turns for 50 intensity choices;

Turn on/off your lights with one click.

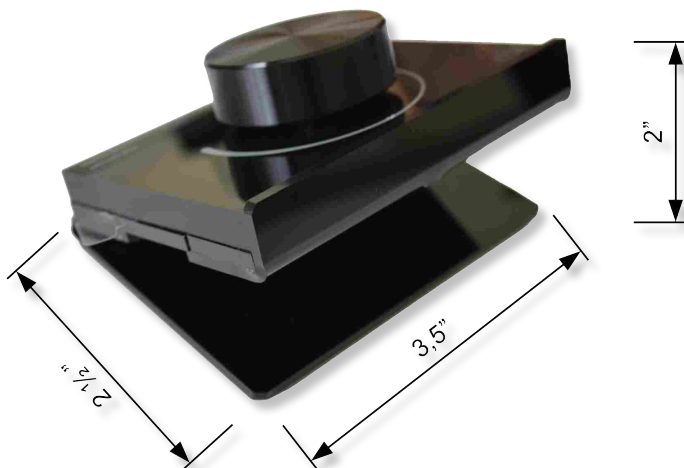

Technical Parameter :

Signal : RF 2,4Ghz

Range : 30 Meters

Battery : CR2032

Dimension : (L) 3,5'' x (l) 2'' 1/2 x (H) 2''

Remote Control

AD-RK3

The RK3 is an RGB base remote control.

Features :

Turn the wheel to choose color or intensity;

Turn on/off your lights with one click;

Double click to switch from color change mode to dimmer;

3 turns for 60 color choices;

2,5 Turns for 50 intensity choices;

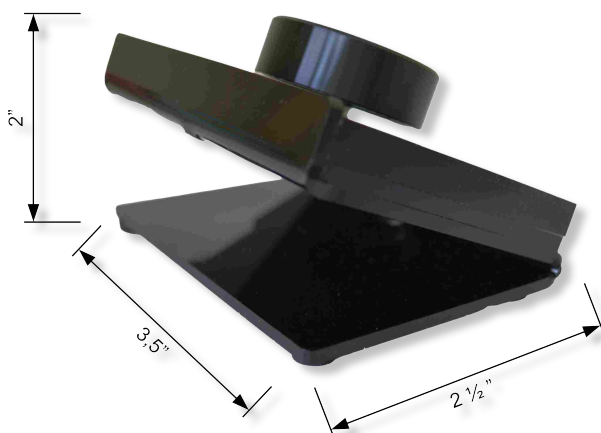

Technical Parameter :

Signal : RF 2,4Ghz

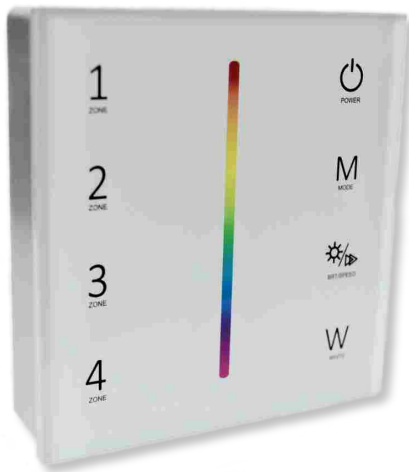

Range : 30 Meters

Battery : CR2032

Dimension : (L) 3,5" x (l) 2" 1/2 x (H)

Remote Control

AD-T24

The T24 is an RGBW Wall Remote Control.

Features :

Allow you to change the color and dim your lights;

Few control one or more controllers simultaneously;

Can also define up to 4 independent zones;

Various pre-program effects available.

Technical Parameter :

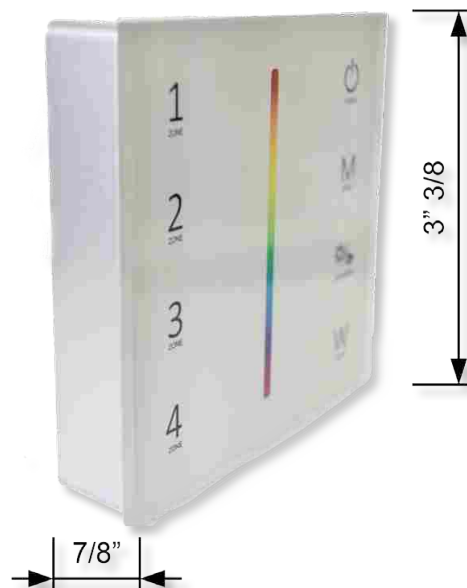

Number of zones : 4

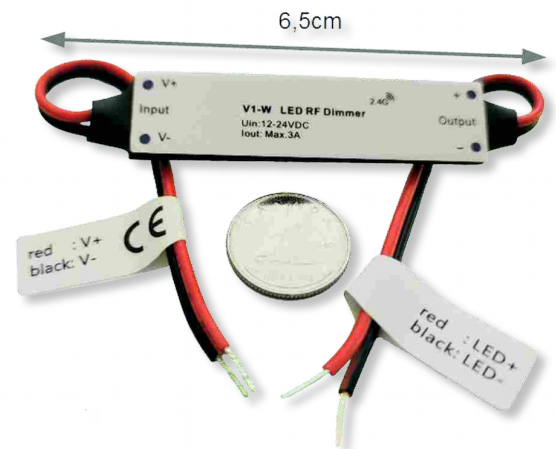

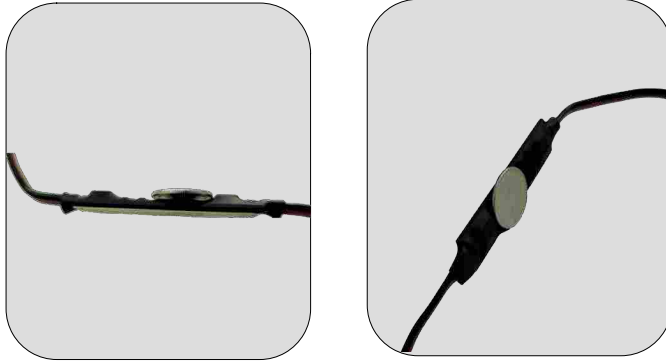

Signal : RF 2,4Ghz

Range : 30 Meters

Battery : CR2032

Dimension: (L) 3" 3/8 x (l) 3" 3/8 x (H) 7/8"

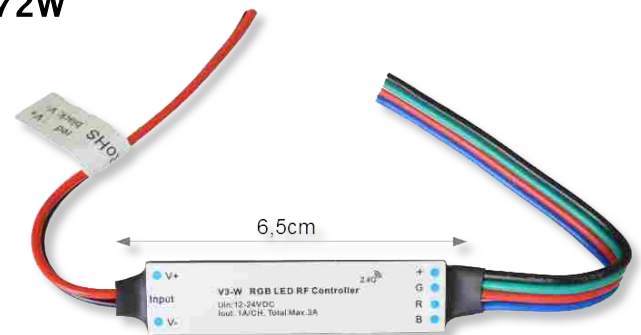

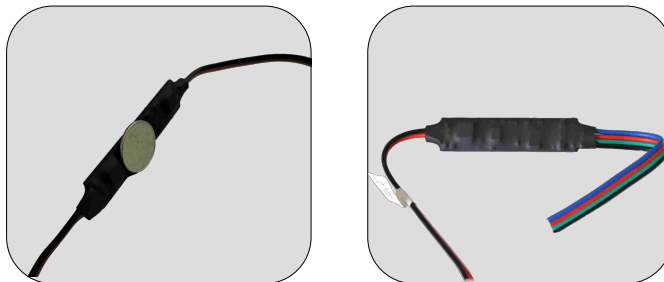

AD-V1-W

The V1-W allows you to dim your single color lights

Works with all our ranges of remote controls

For dedicated use, use with R11, R6 or RK1

Specifications : DC12V – 36W DC24V – 72W

AD-V3-W

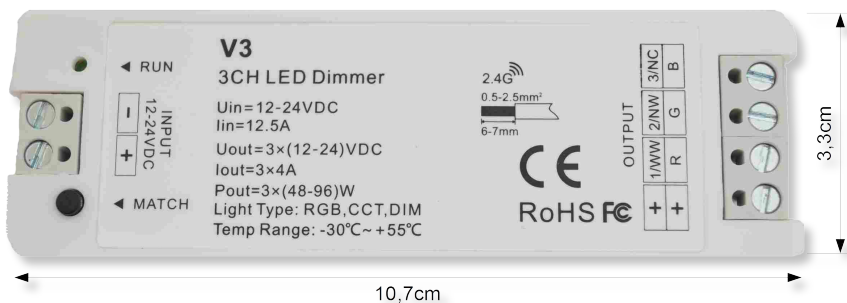

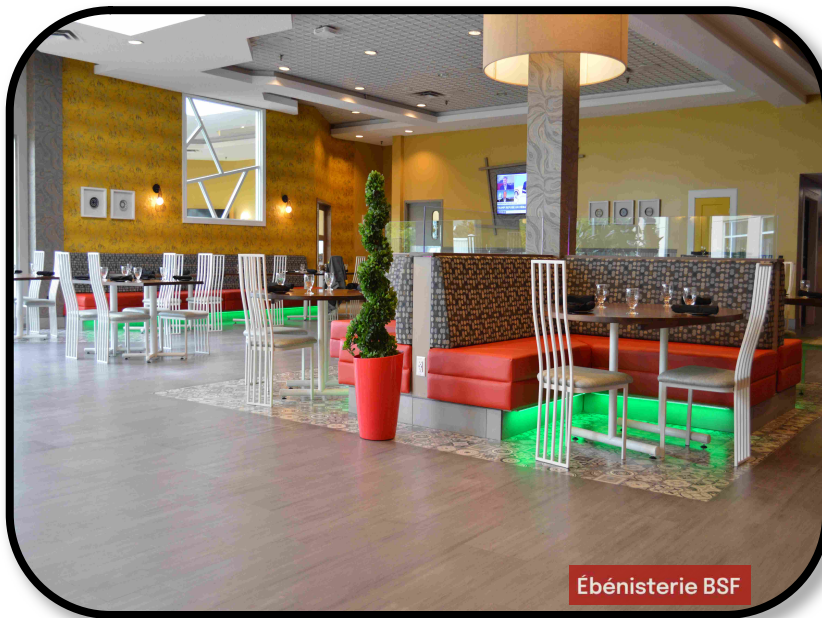

The V3-W allows you to adjust the color of your RGB lights with the help of our remote control.

Works with all our ranges of remote controls.

Specifications : DC12V – 36W DC24V – 72W

Available in a compact size
for simple and easy
concealment of insertion.

AD-V3

The V3 is an RGB controller.

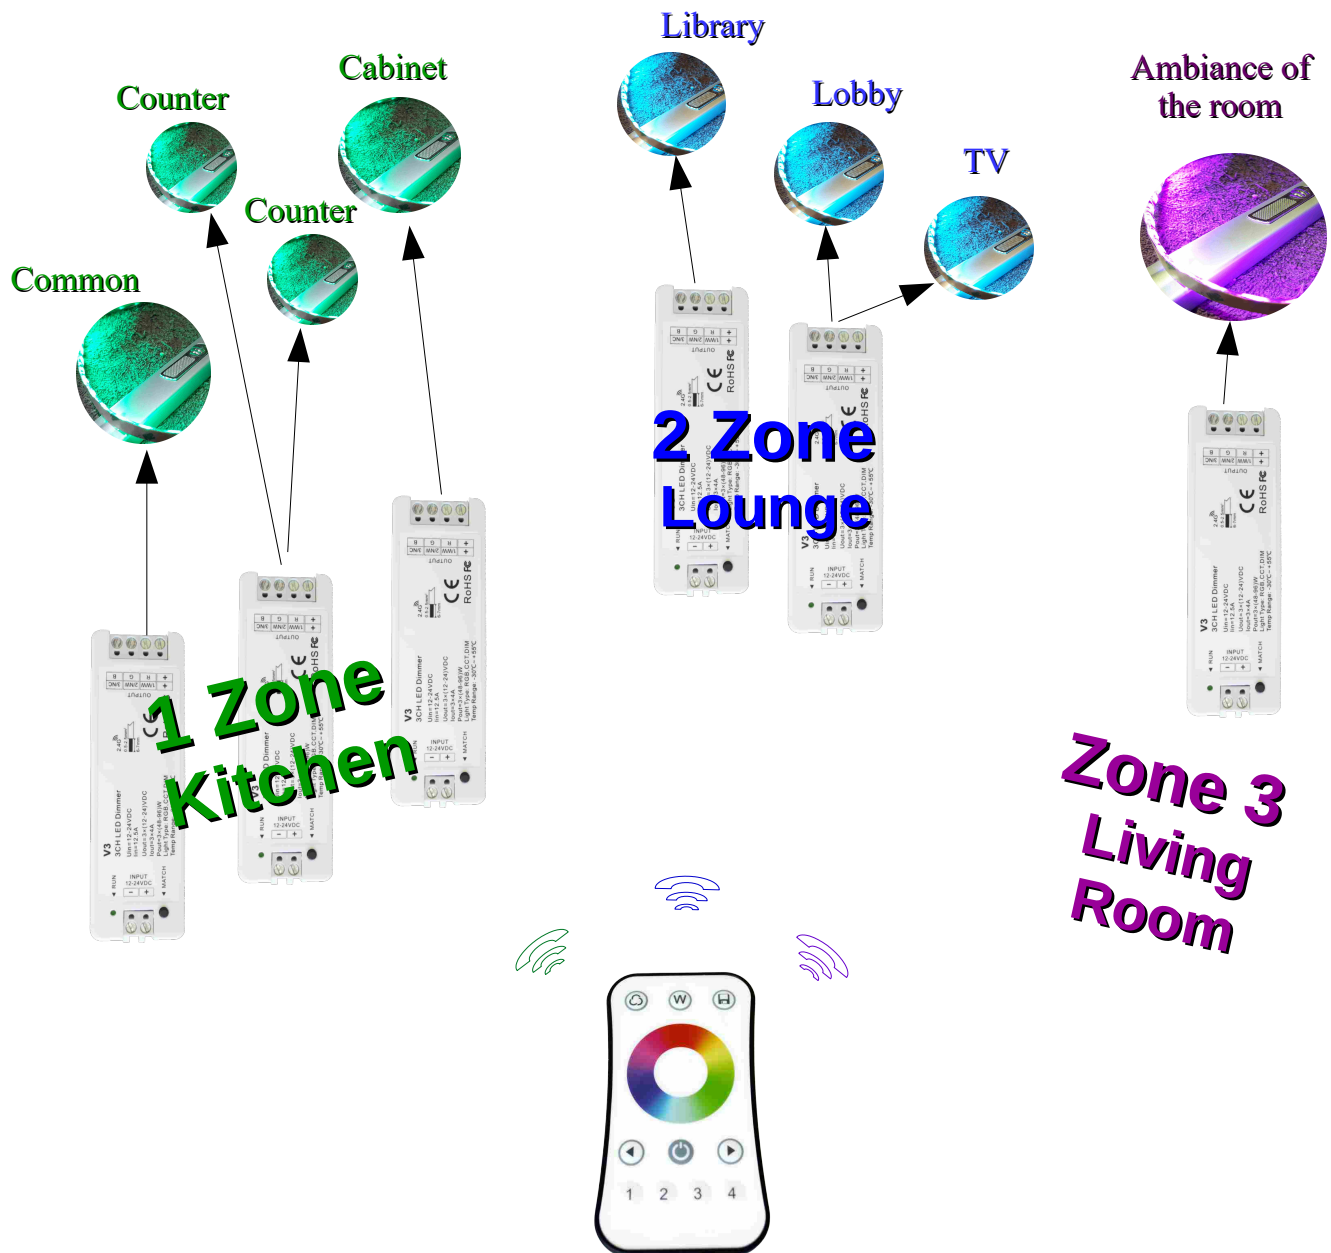

Can also control your CCT and single color lights.

Works with all our ranges of remote controls.

Specifications : DC12V – 144W DC24V – 288W

* See diagram Page 21

If you select Area 1 on the remote control and select Green as a color, the lights in the kitchen will turn green and the lights in the living room and lounge won't be changed.

You can use as many remote control as you want in an area.

Amplifier

AD-AMP-30A

The AD-AMP-30A is a single color amplifier 30A allows to add more lights when the controller is not strong enough.

Technical Parameter

Color : Black

Voltage : DC5 – 24V

Wattage : 360W

Current : 30A

Dimensions : (L) 4" 1/4
x (l) 2" 1/2 x (H) 7/8"

AD-AMP-RGB-12A

The AD-AMP-RGB-12A is an RGB amplifier 12A allows to add more lights when the controller is not strong enough.

Technical Parameter

Number of channels : 3

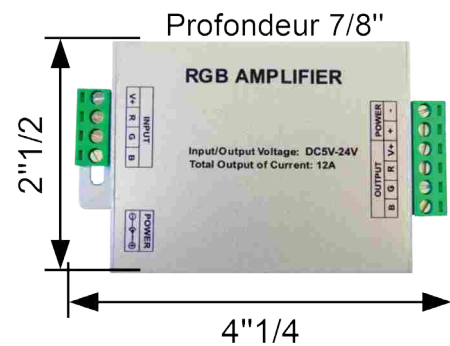

Color : Silver

Voltage : DC5 – 24V

Wattage : 144W

Current : 12A

Dimensions : (L) 4" 1/4 x
(l) 2" 1/2 x (H) 7/8"

Gradateur tactile 12Vdc

AD-TD004B

The TD004B is a touch dimmer that allow you to change the intensity of your lights with one touch.

Technical Parameter :

Color : Black

Voltage : DC12 - 24V

Wattage : 36W

Hole size : 11/16"

Depth : 3/8"

Wallmount Dimmer

AD-SW-60W

The AD-SW-60W is a DC wallmount dimmer.

Features :

Allow you to dim your lights with a Standard power supply

Technical Parameter :

Color : White

Voltage : DC12 – 24V

Wattage : 60W

Door switch

AD-IR004

The IR004 is an infra-red door switch, allow you to close the lights by closing the door.

Technical Parameter :

Color : Silver

Voltage : DC12 – 24V

Wattage : 36W

Dimensions : (L) 1"3/16 x (l) 9/16 x (H) 1/4"

Rocket Switch

AD-Rocket Switch

The Rocket Switch is an on/off switch insert for fast closing or opening of your lights.

Technical Paramter :

Color : Black

Voltage : DC12 -24V

Wattage : 48W

Hole size : 3/4"

Depth : 7/8"

NON Dimmable Power supply

AD-12V-1A

Voltage : DC12V
Recommended power : 9W
Current : 1A

Dimensions :
(L) 4" x (l) 2" $\frac{1}{4}$ x (H) 1" $\frac{1}{4}$

AD-12V-3A

Voltage : DC12V
Recommended power : 30W
Current : 3A

Dimensions :
(L) 4" $\frac{1}{2}$ x (l) 2" x (H) 1" $\frac{1}{4}$

AD-12V-5A

Voltage : DC12V
Recommended power : 48W
Current : 5A

Dimensions :
(L) 5" x (l) 2" $\frac{1}{4}$ x (H) 1" $\frac{1}{4}$

AD-12V-10A

Voltage : DC12V
Recommended power : 96W
Current : 10A

Dimensions :
(L) 7" $\frac{1}{4}$ x (l) 3" x (H) 1" $\frac{1}{2}$

* See diagram Page:29

Dimmable Power Supply

AD-12V-24W-DIM

Voltage : DC12V
Recommended power : 20W
Current : 2A

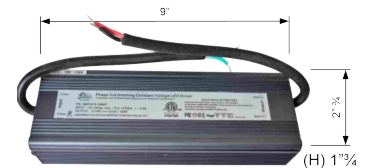

Dimensions :
(L) 6" x (I) 2" x (H) 3/4"

AD-12V-60W-DIM

Voltage : DC12V
Recommended power : 48W
Current : 5A

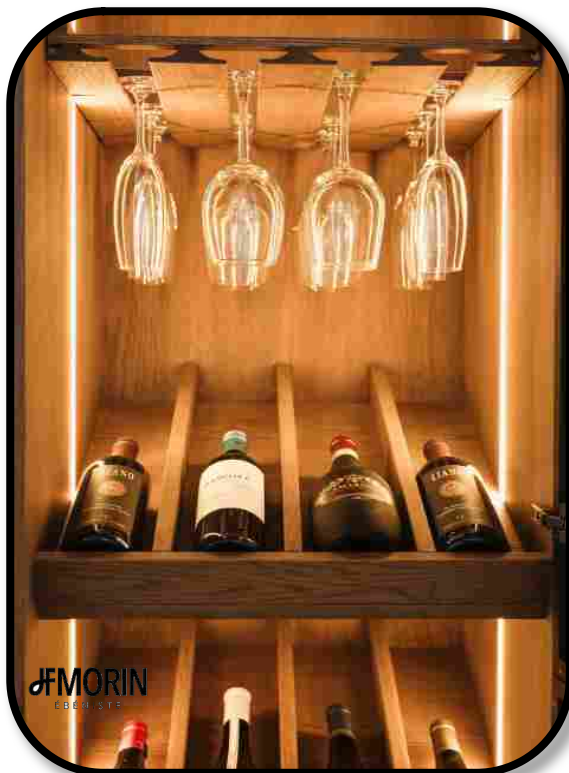

Dimensions :
(L) 7 1/4" x (I) 2 1/2" x (H) 1 1/2"

AD-12V-120W-DIM

Voltage : DC12V
Recommended power : 96W
Current : 10A

Dimensions :
(L) 9" x (I) 2 3/4" x (H) 1 3/4"

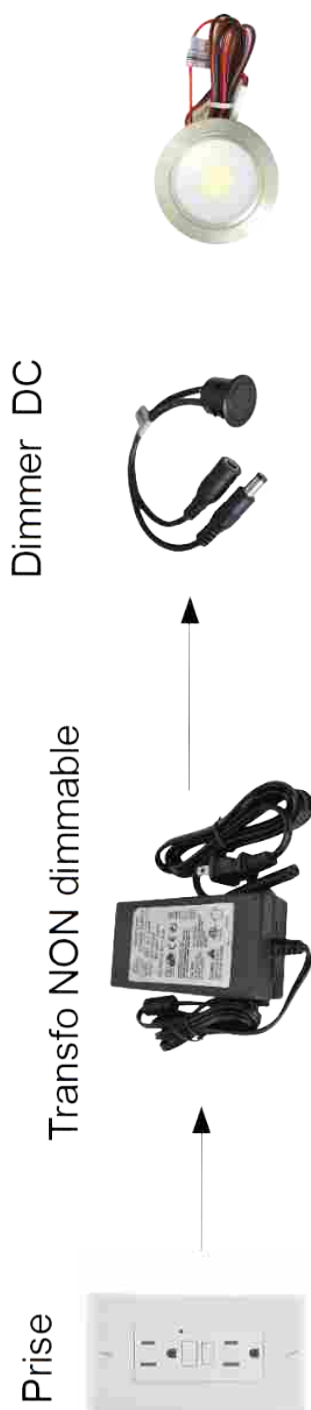

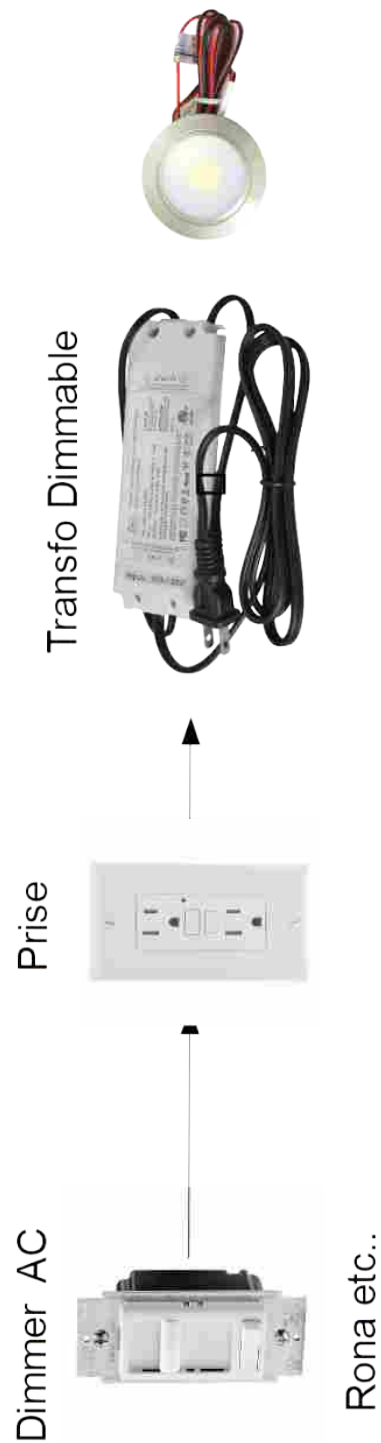

Use with a standard AC120V dimmer

* See diagram Page:29

Installation DCInstallation AC

INTELLI SAFETY BOX

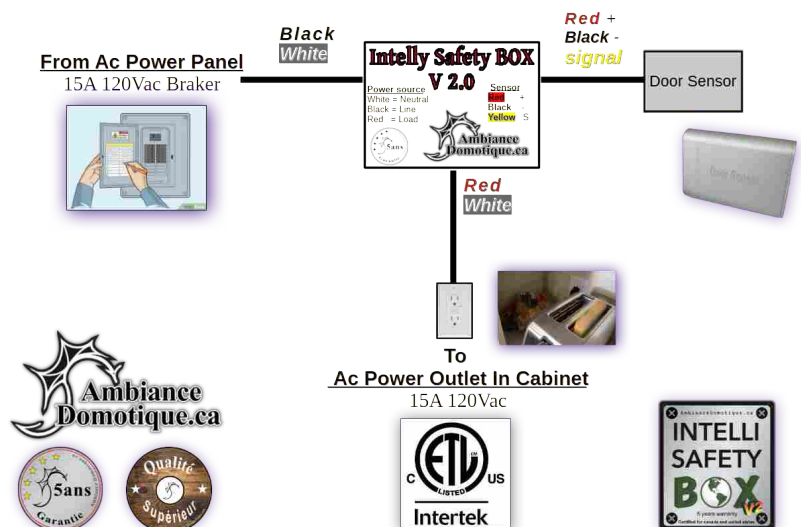

A security box for the kitchen or others!

The Intelli Safety Box will cut the power off when you close your cabinet or drawer.

Go watch our online video!
Ambiancedomotique.ca

Intelly Safety BOX installation diagram

Smart Stairway

The smart stairway works with motion detectors that turn on your integrated light when someone walk near the stairway, and when there is nobody, the lights will gently close.
